

- Summer Practice Group/Performance Team
  - Would be charging people to be a part of the group and come to the practices
    - Amount would be a function of how much it would cost us to run the group
  - Rough numbers for cost
    - \$80 for 2 instructors for 2 hours = \$160 for instruction per practice
      - This price may vary depending on who we get to teach. Thinking about hiring someone to do the teaching since Jay and Emily don't have a lot of time to do it themselves
    - \$15 per hour for the dance space for 2 hours = \$30
    - \$190 per practice for 4 practices = \$760 for the summer
  - Emily to talk to Steve to get a price for using his studio for the performance team practices
  - Thinking of teaching the Lindy Chorus and maybe the California Routine
