

Financials

- We have a little less than \$3000 right now
- All checks that have been written have been cashed

Marketing

- Maker Faire
 - Need to go back to the people running the Maker Faire and make sure they know that we can't dance for a very long period of time, and that we are probably only going to have 6-7 people
- Dayton Metro Library
 - Need to get them a one-sentence blurb about the dance lesson that we are going to teach
 - Thinking this is going to be something like "Learn to swing dance with Gem City Swing!" or something generic like that
- Rob has a catalog that we can go through and pick merchandise that we can get our logo printed on
 - This is something that people would be able to order through the printing company website, and we wouldn't have to hold the inventory for it
 - Going to look through the catalog at the end of the meeting and pick some items to offer people

Appreciation night for people who have been helping out

- Wanting to take the people that have been consistently helping out
- Low key dinner and drinks or something like that, target \$10-\$15
- Nick going to be in charge of this

Emily Delman

- She is suggesting that since she has moved, and she doesn't have as much time to devote to the club as she did before
- Asking if we wanted to replace her position
- Thinking that her replacement would either be Kyle or Vahid since they had the most votes and they are both interested in being on the board
- According to the bylaws, we may be allowed to just take the board down to 6 people (need a minimum of 5 people), or we can replace her with someone.
- Nick suggesting that we just add them to Slack for now, but not officially add them to the board
 - This is the official direction. Will go down to a 6 person board, and add Kyle and Vahid to the Slack so they can have input in some of our planning and conversations - unanimous vote of board members who attended the meeting

Board Member Participation

- Need to make sure that everyone knows the expectations of being on the board, and how much participation is required

Teaching topic for next month

- Solo jazz
 - Teaching random steps instead of line dances
 - Also focus on when in partner dancing people can add in solo movement
- Musicality
 - Don't have enough material to teach a whole month of musicality right now
 - Could do like a week or two, but also need people to be able to recognize the music
- Deep dives in different types of dances
 - Would need to gauge to see who would be interested in a "level 2" class. We have some people who could do it, but others who need the beginner class again before they would be ready for that
- Guest instructors
 - Either for a week or two, or for the whole month. Would depend on the topic
 - Having them teach a specialty dance vs just another perspective on dances we have already taught
 - Would like to reach out to Mark and Shannon to come out and teach something for a couple of Saturdays
- Styling
 - Variations on basics, both for leaders and followers
- Tentative plan for July
 - No dance on July 4th - expecting low attendance
 - 1 week of styling
 - 2 weeks of musicality (macro and micro)
- Tentative plan for August
 - Partner choreographies (California Routine, Lindy Chorus)
- Tentative plan for September
 - Give Jay and Emily a "dark" month so they can have time for wedding plans and such

2-year anniversary of GCS

- July 18th - birthday celebration night

Swing Movie night

- Hellzapoppin'
- Need to talk to the library and see when they are free to do another movie night
- Wanting to do it sometime in July on a weekend day
